<input type="checkbox"/>	Access Roads & Drainage	Select	Add notes...

Key Findings & Action Items

Key Findings & Observations

Summarize key findings from the site visit...

Action Items Required

List all actions that need to be taken (with priority and deadlines)...

Recommendations

Provide recommendations for improvements or optimization...

Notes for Next Visit

Items to check during next visit, follow-ups required...

Attachments & Documentation

Upload photos, reports, and supporting documents

Click to upload photos, reports, or documents

Images, PDF, DOC, XLS (max 10MB each)

Documentation Tips

- Take photos of all critical findings and anomalies
- Include date/time stamps on photos where possible
- Document equipment nameplate details for new installations
- Capture before/after photos for maintenance activities
